Worldwide Quarterly Application Delivery Tracker

IDC's *Worldwide Quarterly Application Delivery Tracker®* provides historical market share and forecast information for application delivery infrastructure, including application delivery controllers (ADCs) and application delivery controller-as-a-service (ADCaaS) markets. In addition, the ADC market is further segmented by form factor (i.e., appliance and software virtual appliance).

Technology Coverage

The *Worldwide Quarterly Application Delivery Tracker* provides total market size and vendor share for the following technology areas. Measurement for this tracker is in vendor revenue.

Core Coverage

- Company and vendor
- Technology: ADCs and ADCaaS
- Form factor: Appliance, software virtual appliance, and ADCaaS

Geographic Scope

- North America
- Europe, Middle East, and Africa (EMEA)
- Asia/Pacific (including Japan) (APJ)
- Latin America

Data Deliverables

This tracker is delivered on a quarterly basis via a web-based interface for online querying and downloads. Deliverables for this tracker are listed below. For a complete delivery schedule, please contact an IDC sales representative.

- Historical data
- Forecast data
- Written analyses, trend explanations, and insights that are further provided by IDC's Worldwide Cloud and Datacenter Networks and IDC's Continuous Intelligence Service (CIS)
